

Bionique Testing Laboratories Expands Executive Leadership Team: Addition of Chief Executive Officer

FOR IMMEDIATE RELEASE:

Saranac Lake, January 30, 2019 – Bionique Testing Laboratories, Inc. has announced the expansion of its executive leadership team with the addition of Jeffrey Evans, Ph.D. to its corporate management team, as Chief Executive Officer. Dr. Jeffrey Evans will be responsible for overseeing the day to day management; and reinforce the development and delivery of the strategic and operational plans.

"I am excited to welcome Dr. Evans to Bionique, and capitalize on the breadth of his industry knowledge and experience to drive the growth and expansion of the organization.", said Jill Mariano, M.D. Executive Chairman of Bionique.

"This seasoned executive brings a wealth of expertise to Bionique at this pivotal point where the advent of novel treatments such as cell therapies for critical diseases and conditions, like cancer, is driving the exponential demand for mycoplasma testing."

About Jeffrey Evans, Ph.D.:

Prior to joining Bionique, Dr. Evans served as the Chief Executive Officer of PharmAssist, Inc. and CWS, Inc. where he led the achievements of each organization in growth and expansion, organizational development and refinement of operational processes. Dr. Evans' prior professional experience includes co-founding Rondaxe CMC consulting group. Rondaxe was created to provide drug development and manufacturing strategies inclusive of expert guidance in drug product and analytical development, supply chain strategy, manufacturing operations, quality control, quality assurance and regulatory affairs to emerging and specialty pharma companies to enable them to achieve their development goals.

Company Overview:

For over 28 years, Bionique Testing Laboratories, Inc. has been a leading global provider of Mycoplasma Testing Services for the biopharmaceutical industry. Bionique offers the full breadth of services from the Lot & Final Drug Product release testing per regulatory guidelines to a GMP compliant Real-Time PCR assay to support clients' needs from concept to clinical trials and commercialization for biopharmaceutical and cell therapy products. Bionique's experience and expertise extends to development and validation of rapid microbiological methods to generate real time results. Additional services such as regulatory and compliance consultancy add to Bionique's unique position in this niche analytical testing space. Located in Saranac Lake, NY, Bionique is a FDA-registered and GMP compliant analytical testing facility. Bionique aims at offering unsurpassed quality mycoplasma testing services to meet the custom scientific and regulatory needs of each client and partner.
